

# Extension Belt

## PART NO.

## SAMPLE PART

**N B A 2 6 - 0 1 0**

The lift lever extension belts is a simple solution to the occasional need for a larger belt. It is made with the ABISS line of lift lever hardware, and only fits with other ABISS restraints. This extension belts is not to be used with restraint systems that include a shoulder harness.

The ABISS line is made of stainless steel to prevent corrosion. Custom plating as well as engraving can be performed easily.
